Preface

A child is a great wonder. There is no end to the thinking about his/her world of wonder. A child is a subject of contemplation for educationists, scientists, philosophers, child specialists and psychologists. The fundamental principles of children education outlined in the National Education Policy 2010 have been defined in the light of these contemplations. The curriculum for primary education has been revised to develop a child on the potentials of his/her innate amazement, unbounded curiosity, endless joy and enthusiasm keeping in view the all-round development of children's potentials.

The '**English for Today**' textbooks have been developed to help students attain competencies in all four language skills in English through meaningful and enjoyable activities. Emphasis has been given to listening and speaking skills as the foundation on which to develop reading and writing skills. Topics and themes have been selected in a way that would not only help students address the needs of real-life situations but would also inculcate human values in them as well as broaden their mental horizon. Grammar points and planned activities to develop student's competence in all four language skills have been presented within contexts in a systematic and graded way.

To make the young learners interested, enthusiastic and dedicated, Bangladesh Awami League Government under the dynamic leadership of the Honorable Prime Minister Sheikh Hasina has taken initiatives to change the textbooks into four colors, and make them interesting, sustainable and distributed free of cost since 2009. The textbook of all students of Pre-primary, Primary, Secondary, Ibtediae, Dakhil, Dakhil Vocational and S.S.C Vocational level are being distributed free of cost across the country which is a historical initiative of the present government.

My sincere acknowledgement and thanks to all who had helped in different stages of composition, edition, rational evaluation, printing and publication of the textbook. Though all cares have been taken by those concerned, the book may contain some errors/lapses. Therefore, any constructive and rational suggestions will be highly appreciated for further improvement and enrichment of the book. We will deem all our efforts successful if the young learners for whom it is intended find it useful to them.

নির্দেশনা

আমাদের শিক্ষা-ব্যবস্থায় প্রাথমিক স্তর থেকেই বিদ্যালয়ে ইংরেজি শেখানো বাধ্যতামূলক করা হয়েছে যেন ছেটবেলা থেকেই শিক্ষার্থীরা শ্রেণিকক্ষে ইংরেজি ভাষা চর্চার মাধ্যমে ক্রমান্বয়ে ওই ভাষার চারাটি দক্ষতা অর্থাৎ শুনে বুঝতে, বলতে, পড়তে ও লিখতে পারে। এর ফলে শিক্ষার্থীরা ভবিষ্যতে বিশ্বায়নের এই যুগে বিভিন্ন পরিস্থিতিতে সহজে ও স্বাভাবিকভাবে ইংরেজি ভাষা ব্যবহার করে অপরের সঙ্গে ভাব বিনিয়য় করতে সক্ষম হবে।

আমাদের মনে রাখতে হবে শিক্ষার্থীরা সেই ভাষাটিই আয়ত্ত করতে সক্ষম হবে যে ভাষা তারা সবসময় তাদের চারপাশে শোনে। তাই ইংরেজি ভাষা শিখতে হলে একজন শিক্ষার্থীর জন্য প্রচুর ইংরেজি শোনা আবশ্যিক। একজন শিক্ষকই পারেন শ্রেণিকক্ষে শিক্ষার্থীদের জন্য এই সুযোগ করে দিতে।

শিক্ষক প্রতিদিনের প্রয়োজনীয় কিছু অভিব্যক্তি যেমন greetings, farewells, commands and instructions ইত্যাদির ব্যবহার ইংরেজি ভাষায় শ্রেণিকক্ষে নিয়মিত সম্পর্ক করবেন এবং তার মাধ্যমে শিক্ষার্থীদের সেই সব ইংরেজি শোনা ও বলার চর্চার সুযোগ করে দেবেন।

পাঠ্যপুস্তকের ছফ্টা, কবিতা, গল্প, কথপোকথন ও অন্যান্য বেশির ভাগ বিষয়বস্তুই শিক্ষক প্রথমে জোরে স্পষ্ট ও শুক্র উচ্চারণে এবং কষ্টস্বরের সঠিক উঠানামা (intonation) ব্যবহার করে পড়ে শোনাবেন। শিক্ষার্থীরা তা অনুসরণ করে বলার মাধ্যমে উল্লিখিত বিষয়গুলো আয়ত্ত করতে পারবে।

English For Today পাঠ্যপুস্তকের পাঠ্যভিত্তিক শিখন-শেখানো কার্যাবলি শ্রেণিকক্ষে কার্যকর করার সময় শিক্ষার্থীরা যেন পরম্পর বিভিন্নভাবে interact করতে পারে, শিক্ষক তা অবশ্যই নিশ্চিত করবেন। এই উদ্দেশ্যে শিক্ষক শিক্ষার্থীদের দিয়ে pairwork, groupwork, chain drill, role play ইত্যাদি করাবেন।

অনেক সময় শিক্ষকের মনে প্রশ্ন জাগে যে ক্লাসে কতখানি বাংলা ব্যবহার করা যাবে। শিক্ষকদের মনে রাখা প্রয়োজন, তিনি শ্রেণিকক্ষে যতবেশি ইংরেজি বলবেন, শিক্ষার্থীরা ততবেশি ইংরেজি শুনবে ও তা আয়ত্ত করতে সক্ষম হবে। তবে অনেক সময় দেখা যায় যে, শিক্ষকের ইংরেজিতে বলা নির্দেশনা শিক্ষার্থীরা বুঝতে পারছে না। তখন শিক্ষক একবার বাংলায় পরিকারভাবে বুঝিয়ে দেবেন এবং সঙ্গে সঙ্গে একই নির্দেশনা অবশ্যই ইংরেজিতে পুনরাবৃত্তি করবেন। এর ফলে বাংলায় যা বলা হলো তা ইংরেজিতে যে ওইভাবে বলা যায়, শিক্ষার্থীরা তা নিজের অজান্তেই বুঝতে শিখবে।

Sometimes the food we like to eat isn't the healthiest food for us.

The Food Pyramid helps us to understand the different food groups, and it tells us how much of each food group we should eat.

Look at the picture of the Food Pyramid. We eat more of the foods at the bottom of the pyramid. What foods do you see at the bottom? These are things made from grain, for example, rice, ruti and bread. Potatoes are not grains, but they are similar. Grains give us energy.

Fruit and vegetables are in the next level of the pyramid. These are also very important for us. They have vitamins. They help our eyes and our health.

On the next level, there are fish, meat, dairy products, beans and lentils. Meat, fish and chicken have protein. Beans and lentils do, too!

Dairy products are things like milk and eggs. They help our teeth and bones. Protein and dairy make us strong.

Fat and oil are at the top of the Food Pyramid. These make food delicious, but our body does not need very much of them.

Sometimes we can't get food from all the different food groups. But when we have choices about food, we need to make good choices.

**G.** Read again. Write T for True or F for False.

by Eleanor Farjeon

The city has streets—
But the country has roads.
In the country one meets
Blue carts with their loads
Of sweet-smelling hay,
And mangolds, and grain.
Oh, take me away
To the country again!

In the city one sees
Big trams rattle by,
And the breath of the chimneys
That blot out the sky.
And all down the pavements
Stiff lamp-posts one sees—
But the country has hedgerows,
The country has trees.
As sweet as the sun
In the country is rain:
Oh, take me away
To the country again!

A visit to the Liberation War Museum

Farhan Ahmed

On 14 December, our class went on a field trip to the Liberation War Museum at Agargaon, Dhaka. The trip was planned as part of our Bangladesh and Global Studies course. Our bus reached the museum at 10 a.m. A guide was waiting for us. He welcomed us warmly and took us on a quick tour of the different galleries and exhibits of the museum. At first we watched a video clip on our liberation war and our Independence.

There were four permanent galleries that exhibited rare photographs, documents and newspaper clippings, and objects used by the freedom fighters and the martyrs of our liberation war. At "Gallery 2-Our Rights, Our Sacrifices", our teacher read out to us the Declaration of Independence by Bangabandhu Sheikh Mujibur Rahman. Some other visitors also stopped and listened to it attentively. As we went inside "Gallery 4-Our Victory, Our Values", we fell silent. We were sad as we looked at the personal belongings of some of our martyred intellectuals.

The cub camporee took place in Sreemangal under Moulvibazar district. To get there, we travelled from Dhaka to Sreemangal by train . We arrived in the morning, so the weather was nice. We walked to our camp from the train station.

There were 10 of us and two leaders. We were a big group, so we didn't take any rickshaws. We walked together in our group. It wasn't very far. At the camp, we cleaned up the area, set up our tents and prepared our breakfast. After breakfast, we played games with cubs from other parts of Bangladesh. Then we had lunch. The next day, after the camporee, we went to Lowachara National Park. It was very interesting! We took a walk beside a small stream in the forest. Our leaders told us to be very quiet because the animals are frightened by noise. We walked quietly up a small hill, and suddenly we heard something in the trees above our heads. Babul and his family live on the island of Dublar Char. Life is good for the family now, but that wasn't true after Cyclone Aila. Babul doesn't remember Cyclone Aila, but his parents often talk about that terrible night in 2009.

Babul's father had a grocery shop and his mother worked in a fish farm. They had a small house that they shared with Babul's grandparents. Babul was just a baby, but his sister Nipa was six years old.

Babul's father told him what happened that day. There was light rain in the morning on 25 May. In the afternoon, the wind started to blow and people began to run for their homes. Babul's father closed his shop and his mother came home. His grandparents checked the family's emergency kit. Their torch was working and they had extra batteries. They put the torch, batteries and first aid kit in plastic box.

By the evening, the river was rising. The winds of Cyclone Aila shook the walls of the house as if there was an earthquake. Everyone was afraid. Nipa began to cry. Suddenly, there was an awful noise and the family's roof blew away! The sky was dark, but the family could see trees flying over their heads. Grandmother still says she saw fish flying through the sky.

The next day was awful. Babul's family couldn't stop crying. Nipa and grandfather were gone. Babul's father went out to look for them. He found Nipa in a field. She was holding onto a tree and she was covered in mud. She didn't remember anything. He took Nipa at home and began looking for his father. He looked in the fields, the buildings and in the trees. Many people in Bangladesh were missing after Cyclone Aila, and Babul's grandfather was one of them. The family never found him.

After Cyclone Aila, people worked together. Nipa's school became the shelter for the survivors. Babul and his family went to live in the school. The government of Bangladesh and workers from NGOs came to help, but things were very hard. There wasn't enough safe drinking water or food, so many people became ill. In time, people repaired their homes and rebuilt their villages and bridges. They planted new trees and new crops in their fields. Babul feels happy when he looks at the trees and his sister Nipa, but he feels sad about his grandfather. His grandmother says, "Don't be sad, Babul. Grandfather wants us to live for the future."

E. Read about Cyclone Aila again. Complete the sentences.

A. Listen and read.

What sound does a frog make? Croak, croak! It isn't a beautiful sound. But, a long time ago, frogs had beautiful voices. They could sing more beautifully than the birds. This all changed because of one frog named Bluster.

Bluster had the most beautiful voice of all the animals. When he sang, all the other animals came to hear him. They enjoyed listening to him. "Please teach us how to sing!" the animals asked. But Bluster always answered in the same way. "No, no. My voice is mine. I can not share it," he said.

One morning, Moxie the rabbit and Pluck the lizard talked to the fox and the rat. "Bluster has such a big, beautiful voice. Surely, he can share it with us," said Moxie. They agreed. Bluster should share his voice with them. It was such a big voice. Each animal could have just a small piece of it. Bluster could share his voice with each animal.

The animals talked and talked late into the afternoon. They made a plan to take Bluster's voice. They decided not to tell the birds. But, they didn't have to tell them! The birds were sitting in the tree and they heard the animals' plan.

At midnight, Pluck and Moxie quietly went to Bluster's home. Bluster was sleeping in his bed, and without making a sound, they took his voice! They put it into a glass jar.

Pluck and Moxie took the glass jar outside. The other animals were waiting. "Oh, give me my piece!" said the fox. "I want my piece!" said the rat. Suddenly, the jar fell to the ground and it broke. Bluster's voice and the jar were now in a hundred little pieces.

"Oh, no!" cried Moxie. The animals searched, but they couldn't find any of the pieces. It was too dark and the pieces were too small. "What are we going to do?" asked Pluck. "We will come back in the morning," said Moxie. And, all the animals went home without a piece of Bluster's beautiful voice. They were all very tired from looking for the voice, so they went to sleep.

In the morning, as the sun came up, the birds went out to have their breakfast. With their good eyes, the birds saw the little pieces of the beautiful voice on the ground. They carefully picked up the pieces. They didn't leave one piece of the beautiful voice behind.

That afternoon, the animals finally woke up. They ran to get the pieces of Bluster's voice, but all they found there was broken glass. They searched and searched, but there were no pieces of the voice. Then, suddenly, they heard a beautiful song coming from the trees. Bluster's voice was coming from the trees. They looked up and saw the birds singing!

And to this day,
the birds sing
with Bluster's
beautiful voice,
and Bluster,
and all the
other frogs,
can only say
croak... croak.
